OIL and GAS NEWS

L. H. Lively, a prominent contractor of Haulton was an Ardmore visitor today.

Fred Coogan of the Continental Supply company is here from Ringling spending the day with home folks.

South of Velma.

Brodie, et al., are reported to still be looking for a contractor to drill a well in section 5-2-4 south of Velma, in Stephens county.

Fox Pool Waits Casing.

The Fox Pool well in section 5-2-3, south of Tussy, is reported to be at a depth of 1340 feet, and is waiting the arrival of casing.

In Love County.

The Life Stake Petroleum company in section 35-6-2 northeast of Marietta in Love county is moving in material to start its test well.

Test Near Simon.

The Oka-Tex Oil company in section 9-7-3, near Simon, in Love county is planning to drill a well within a short time.

On Toward Wilson.

Producers Oil company in section 26-4-3 which is some distance ahead of production, to the southeast of the field, is drilling at a depth of about 300 feet.

Here From Stillwater.

J. D. Moffitt, of Stillwater, Okla., president of the 32nd Oil company, which has important holdings at Haulton, is an Ardmore oil field visitor and will remain here on business for a week or more.

Drilling Delayed.

The heavy rains of the past few

weeks make hauling to the field a very difficult task and are delaying the drilling to some extent. The roads are very bad and those who can avoid making trips to the fields, are doing so.

Well Waits Casing.

Earl Abney, contractor on the Oklahoma-Louisiana well in section 7-2-2 was an Ardmore visitor yesterday. This well is reported to be at a depth of approximately 2,225 feet and is shut down awaiting the arrival of 5 3/4-inch casing.

The Gypsy Test.

The Gypsy well on the Mattie Morris lease, in section 28-2-3, in the Fox district has reached a depth of about 1075 feet and is still carrying the 12 1/2-inch pipe. The formations are running identical with the first well drilled in that section which was an enormous gasser, at a depth of about 2,000 feet. Great care is being taken in the drilling of the second well, so that it may be made a test for oil.

New Company Organizing.

A local company is being organized by about 50 men who are paying in \$10 a month to create a fund for lease buying in prospective fields in the southern part of the state. The plan of this company is somewhat along the line of the plans of the Plains Oil & Gas company, which was organized several months ago and which has made important purchases in the Fox district, and to the west of this district in Stephens county.

Rumor is False.

There has been a rumor current for several days that Gypsy well No. 1 on the Johnson and von Weise farm in section 28-2-3 in the Fox district, was making about forty barrels of oil. The company states that there is no truth whatever in the rumor, and that gas is being used from the well for fuel in drilling well No. 2 in the same section, and also by the Fox Pool company in section 5-2-3. They state that if the well was making oil that they could not be using the gas for fuel.

Big Carnival Coming.

The Great Wortham Shows will exhibit in Ardmore under the auspices of the Ardmore Chamber of Commerce, one week, commencing Monday, April 10th, and continuing all through the week, which promises to be a grand gala one. The Great Wortham Shows travel on their own special train of 21 cars. All the shows are of the highest class of entertainment, consisting of the mammoth hippodrome, menageries, royal circus, etc. A den of black mountain bears that ride the bicycle, walk the tight rope and dance the latest tango with the grace and ease of a finished Thespian. Mile Salina and her trained wild African black-maned lions give one of the most novel and startling performances ever seen in any arena. This daring young woman enters the iron-bound den of the most ferocious beasts known and after showing her wonderful control over them as they are put through their paces, she executes a dance of marvelous grace and fearlessness as they sit on their pedestals growling and snarling for the opportunity to spring upon their tempting and daring prey and finish the beautiful dancer who defies them. Revelation is an attraction that is entirely new and is one of the most entertaining and beautiful productions ever exhibited. The press of other places where the Wortham shows have exhibited, speak very highly of this attraction. They were first exhibited in this country and were the most popular feature at the St. Louis World's Exposition. The "Days of '49," a reminder of the early frontier life, and almost numberless other high class attractions are offered with the Great Wortham shows.

To have a fine healthy complexion—the liver must be active, the bowels regular and the blood pure. All this is brought about by using HERBINE. Negro Woman Charged with Murder.

Durant, Okla., April 6.—Fannie Cummings, a negro woman living near Colbert, this county, was arrested and lodged in jail here today, charged with murder. The charge grew out of a free-for-all fight about ten days ago, in which the Cummings woman is said to have slashed a negro man with a pocket knife. The negro man went to Denison, and the officers here were notified yesterday that he was dead.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 50c. Sold by Bomar Drug Co.

DEPUTY REVENUE COLLECTORS' NAMES IN TOBACCO FRAUDS

Washington, April 6.—Treasury officials said Tuesday that Carl Whitney, a New York lawyer, had filed charges that a number of internal revenue collectors in that city are involved in the recently discovered tobacco frauds. More than one hundred deputy collectors are in New York, but only a part of them are suspected of participation in frauds involving hundreds of clear and cigarette manufacturers in which the government is believed to have lost \$20,000,000 in uncollected internal revenue.

Mr. Whitney made his charges to Assistant Secretary McBurn, but declined to give the names of deputies involved. He is counsel for some of the cigar manufacturers and officials here and it is understood that he will use his information about the deputies if his clients come to trial. An investigation is being made by John Lowe, collector at New York.

According to treasury officials, Mr. Whitney charged that collectors have not only been receiving regular remittances weekly from manufacturers but in some cases have approached manufacturers who were not evading the law, and pointed out the ease with which they could escape payment of revenue duties and offered to co-operate with them for small considerations weekly.

The alleged frauds were unearthed, it was said today, through a transfer to New York of L. G. Nutt, a revenue agent, who, soon after assuming office, became acquainted with the alleged workings of the manufacturers and investigated.

VETERANS CHOOSE SPONSOR

Camp Also Elects Delegates to the Birmingham Reunion in May. At the last regular meeting of Jno. H. Morgan Camp, the attendance was light on account of the bad weather, but what the meeting lacked in numbers was more than made up for in enthusiasm. J. M. Hoard Sr., was

elected adjutant of the camp to succeed J. W. Gollidge, resigned.

Capt. W. R. Wood and J. M. Hoard, Sr., were elected as delegates to the 26th annual reunion of the United Confederate Veterans which will be held May 16, 17, and 18, in Birmingham, Alabama.

Mrs. Daisy Maud Webb Hammond was complimented with the office of sponsor to represent the camp during the reunion. In as much as no maids of honor were chosen, it is probable that Mr. Hammond will select them.
